

A modern living room with large windows overlooking a city. The room features a dark wood coffee table with decorative items, two light-colored armchairs, and a textured, light-colored blanket draped over a chair in the foreground. The text "INTERIOR DESIGN 2021 YEARBOOK" is overlaid in white, sans-serif font.

INTERIOR DESIGN 2021 YEARBOOK

Edited by Alexandra Bushby

Foreword by Lester Bennett, President, BILD

CHELSEA BARRACKS

Chelsea Barracks is a super-luxe five hectare residential development positioned between the prime areas of Chelsea and Belgravia and developed on the site of the former army barracks. Unique in a multitude of ways, it stands out for the creative and bespoke approach that the owners Qatari Diar have taken to the architectural design of the buildings and communal interiors. Inspired by the revival of England's craftsmanship and manufacturing heritage, integral to the philosophy behind the development, the Homes One team under direction of Founder Najwa Mroue, focused their concept on exquisite hand-crafted pieces of furniture and detailing underpinned by geometrical form and a dynamic colour palette. Several pieces of furniture were bespoke designs with original detailing. The Homes One team collaborated with designer Trisha Walton, bespoke furniture artisans Kassavello, window dressing experts Chatelaine Interiors as well as other trusted suppliers for artwork and accessories such as Taschen, L'Objet and Jonathan Adler.
